**Subject:** Fw: TASC services for WHNC  
**Date:** 07/16/2009 02:22 PM

---

David...

Here is a copy of the email I sent to Luis Garcia-Bakarich. We will be discussing TASC at the 7/22 meeting of the WHNC/SSMAC and I will try to bring forward the elements of our conversation in Simi, last night.

THEN ... a specific request may follow that would be most appropriate.

Thank you,

Daniel Wiseman  
 WHNC/SSMAC Chair

**Subject:** TASC services for WHNC

Mr. Garcia-Bakarich:

The West Hills Neighborhood Council (WHNC, an entity chartered by the City of Los Angeles) has been concerned for the contaminations and the clean-up of the Santa Susana Field Lab for 5-6 years. We have a Santa Susana Mountain Area Committee (SSMAC) that focuses on the Santa Susana Field Lab (SSFL) and other local environmental issues. The documents describing the causations and characteristics of

local contaminations are multiple, complex and extremely long.

Recently, we became aware of the TASC and the services available through it.

[http://www.epa.gov/superfund/community/tasc/pdfs/tasc\\_brochure.pdf](http://www.epa.gov/superfund/community/tasc/pdfs/tasc_brochure.pdf)

This brochure tells your story very well. We definitely could benefit from concise and expert opinions of the complex matters at the SSFL.

I have suggested to the WHNC Chair that we invite you to one of our meetings to explain TASC. We would then be able to make a formal request to receive services from TASC.

I look forward to talking to you and working with you on these matters.

Thank you,

Daniel Wiseman  
Chair, WHNC/SSMAC
